Magnum carmen Latine, "Quarta Ecloga," Vergili potest esse cum scribitur. In hoc carmine Vergilius civibus dicit de puer cuius pater est deus et qui totum mundum pacem dabit. Multi Romani propter bella civilia (civilis, -e, "among citizens," "civil") illis diebus spem miserant et nullam fidem in republica habuerunt. Postea mundum descripsit in quaerunt nullas artes, nullas bellas, et in qua agricolae ab agris current, navis nautas relinquentur. In illo mundo iterum erit bellum in gente Troiana, erit alter Achilles; sed quando ille puer, post longam aetatem, erit vir, mundus erit novus felixque, erit finis bellorum, atque omnes homines, cum familiaribus omnibus libebuntur.
